(the "Licensee")

WHEREAS:

A. The Licensor is the owner of the lands and office building (the "Building") situate at 675 West Hastings Street, Vancouver, British Columbia;

B. The Licensee wishes to enter into this Licence with respect to a portion of the Building and the Licensor has agreed to grant this Licence to the Licensee on the terms and conditions contained herein;

IN CONSIDERATION OF the covenants and agreements in this Licence, the parties agree as follows:

1. **Schedules.** All schedules to this Licence are incorporated into and form a part of this Licence.
2. **Licence.** The Licensor hereby grants to the Licensee a non-exclusive licence to use a portion of the telephone room shown outlined in heavy black on Schedule "A" having an approximate area of 47.8 square feet (the "Licensed Area") for the Term (as herein defined).
3. **Term.** The term (the "Term") will commence on January 1, 2000 (the "Commencement Date") and be for a term of 10 years, subject to the termination provisions set forth in section 4 of this Licence.
4. **Rights of Termination.** Notwithstanding sections 2 and 3 of this Licence, each of the Licensor and the Licensee will have the right to terminate this Licence at any time upon 60 days' notice to the other party. In the event of termination of this Licence, the Licence Fee and Distribution Access Fee (both as defined herein) will be adjusted to and including the date of termination and thereafter neither party will have any obligation to the other party with respect to this Licence, except with respect to matters which arose prior to such date of termination, sections 14 and 21 herein.
5. **Licence Fee and Distribution Access Fee.** The Licensee will pay to the Licensor during the Term as follows:

- (a) \$478.00, payable annually in advance on the Commencement Date and on each anniversary of such date (based on \$10.00 per square foot of Licensed Area) for the Licensed Area (the "Licence Fee"); and

7. **Option to Renew.** Provided that the Licensee duly and punctually observes the covenants, agreements and provisos in this Licence on the part of the Licensee to be observed and performed, the Licensee will have one option to renew this Licence for a term of 10 years. This option to renew may be exercised by the Licensee by delivering notice to the Licensors not later than 12 months and not earlier than 24 months prior to the commencement date of such renewal term. The renewal license will contain the same terms, covenants, agreements and provisos contained in this Licence except:

- (a) the Licence Fee and Distribution Access Fee, which will be the then fair market licence fee and distribution access fee which could be reasonably obtained by the Licensors for the Licensed Area and for the access rights granted herein from a willing licensee dealing at arm's length with the Licensors, having regard to all relevant circumstances, including the size, location and condition of the Licensed Area and Building, with no abatement or other inducements, provided that the annual Licence Fee and Distribution Access Fee payable during the renewal term will be not less than the annual Licence Fee and Distribution Access Fee payable during the last year of the Term or any renewal term, as the case may be. If the Licensors and the Licensee have not mutually agreed on the amount of the Licence Fee and Distribution Access Fee for the renewal term by three months prior to the commencement of such renewal term, then such Licence Fee and Distribution Access Fee will be decided by binding arbitration by a single arbitrator pursuant to the *Commercial Arbitration Act* (British Columbia), with the cost of such arbitration split equally between the Licensors and the Licensee; and
- (b) the Licensee will have no further option to renew the Licence after exercise of this option to renew.

Until the Licence Fee and Distribution Access Fee have been determined as provided herein, the Licensee will pay the Licence Fee and Distribution Access Fee requested by the Licensors and upon such determination, the Licensors and the Licensee will make the appropriate adjustments.

8. **Use.** The Licensee will use the Licensed Area for the purposes of providing telecommunication services to the tenants of the Building and in connection with such purpose may:

- (a) install, operate and maintain cabling, wiring, connections and ancillary equipment (the "Equipment") in the Licensed Area; and
- (b) install, operate, and maintain the Equipment within the premises of the tenants of the Building, subject to their consent and subject to the Landlord's prior approvals as to the location of such installations, such approval not to be unreasonably withheld.

9. **Access.** The Licensee may have the following access rights:

- (a) The Licensee may have access to the Licensed Area outside Normal Business Hours (as defined herein), subject to security procedures as determined by the Licenser, in situations of emergency or for the repair of the Equipment.
- (b) The Licensee may have access to such portions of the Building during Normal Business Hours or outside Normal Business Hours in accordance with section 9(a) as may be necessary to enable the Licensee to access the Licensed Area and to install and maintain the Equipment which service the other tenants in the Building. (Normal Business Hours means the hours between 8:00 a.m. and 6:00 p.m. on Mondays to Fridays, excluding statutory holidays).

The Licensee shall exercise its rights under this section in such a manner so as to not interfere with the rights of the other tenants in the Building without their consent and the use and enjoyment of their premises and, if the Licenser requires, the Licensee will exercise such rights under the supervision of the Licenser. Any additional cost due to the access rights of the Licensee outside Normal Business Hours will be at the cost of the Licensee, such cost to be determined by the Licenser.

10. **Rules and Regulations.** The Licensee will comply with all rules and regulations established by the Licenser including the rules and regulations set out in Schedule "B".

11. **Condition of Licensed Area.** The Licensed Area is licensed to the Licensee on an "as-is" basis and the Licenser makes no representation or warranties with respect to the condition or the suitability of the Licensed Area for the purposes of the Licensee.

12. **Licensee not to Cause Nuisance.** The Licensee will not do, suffer or permit any act or neglect which could in any manner directly or indirectly cause injury to the Licensed Area or to the Building or to any fixtures or appurtenances thereof, or which could be or, subject to Section 9, become a nuisance or interference with the comfort of any of the occupants of the Building or which could, in the opinion of the Licensee, render the Building or any part thereof less desirable or injure the reputation thereof as a first class office building.

13. **Construction and Alterations.** The Licensee will not install, connect or alter the Equipment on the Licensed Area or within the Building without having received the prior written approval of the Licensor to the plans and specifications and any variations or amendments thereof, which approval will not be unreasonably withheld or delayed, and received all necessary approvals of any relevant statutory authority. The Licensor will be entitled to recover from the Licensee the cost of having the Licensor's telecommunications, mechanical, electrical or structural consultants and architects or engineers examine such plans and specifications, where appropriate. Any such installations, connections or alterations of the Equipment made by the Licensee without the prior written consent of the Licensor or which is not made in accordance with the drawings and specifications approved by the Licensor or its consultants will, if requested by the Licensor, be promptly removed by the Licensee at the Licensee's expense and the Licensed Area restored to their previous condition, failing such removal, the Licensor will be entitled to remove the same forthwith without notice at the Licensee's sole cost and expense. No installations, connections or alterations of the Equipment on the Licensed Area or within the Building will be permitted which, in the Licensor's opinion, may weaken or endanger the structure or adversely affect the condition or operation of the Licensed Area or the Building or diminish the value thereof. Any installation, connection or alteration of Equipment on the Licensed Area or within the Building will be installed only in accordance with the approved plans and specifications and installed expeditiously, at the sole cost and expense of the Licensee, in a good and workmanlike manner.

14. **Removal of Equipment.** At the expiration of the Term or any renewal thereof or earlier termination thereof, the Licensee will remove the Licensee's Equipment from the Licensed Area and within the Building, at its sole cost and expense, and will restore the Licensed Area and the Building to the satisfaction of the Licensor, acting reasonably. In the event the Licensee does not remove the Equipment, the Licensor, at its option, may deem the Equipment, within 30 days following the expiration of the Term or any renewal thereof or earlier termination thereof, the sole property of the Licensor or the Licensor may enforce the removal of the Equipment by the Licensee failing which the Licensor at the Licensee's cost may remove the Equipment without any liability for loss or damage.

15. **Repair and Maintenance.** The Licensee, at its sole cost and expense, will expeditiously and diligently repair and maintain the Licensed Area, the Equipment, and any improvements installed or constructed thereon and within the Building as would a prudent licensee and will keep same in a clean, safe and tidy condition at all times, including, without limiting the generality of the foregoing, keeping the Licensed Area free of both debris and dust accumulation. The Licensee will use the Licensed Area in a prudent and careful manner.

16. **Inspection.** The Licensor, by its authorized representatives, may enter the Licensed Area at any time to inspect the Equipment and the Licensed Area and to determine whether the Licensee is complying with all of its obligations hereunder. The Licensee will repair according to notice.

17. **Builders' Liens.** The Licensee will not suffer or permit any liens under the *Builders Lien Act* to be registered against title to the Building by reason of labour, services or materials supplied to the Licensee. In the event that any lien is so filed, the Licensee will take immediate action to cause same to be removed.

18. **Compliance with Laws.** The Licensee, at its cost, will promptly comply with all applicable requirements of governmental or administrative authorities which relate, directly or indirectly, to the use, occupation, repair and maintenance of the Licensed Area by the Licensee including, without limitation, those relating to hazardous substances and other environmental matters. In particular, without limiting the generality of the foregoing, the Licensee will not bring any hazardous substances onto the Licensed Area or within the Building and will not use the Licensed Area for the storage, treatment, handling or disposal of hazardous substances.

19. **Insurance.** The Licensee, at its cost, will obtain and keep in force:

- (a) "all risk" property insurance covering all of the Licensee's property in the Licensed Area and within the Building, property for which the Licensee is legally liable and property installed by or on behalf of the Licensee in the Licensed Area and within the Building, including the Equipment;
- (b) comprehensive general liability insurance (including legal liability insurance) against claims for personal injury, bodily injury, death or property damage occurring upon or in or about the Licensed Area and within the Building, such coverage to include the activities and operations conducted by the Licensee and those for whom the Licensee is in law responsible. Such policies will be written on a comprehensive basis with inclusive limits of not less than \$3,000,000 per occurrence or such higher limit as the Licensor, acting reasonably, may require from time to time; and
- (c) any other form of insurance or such higher limits as the Licensor, acting reasonably, may require from time to time, in form, in amounts and for insurance risks against which a prudent licensee would insure.

The Licensee will effect all insurance policies with reputable insurers licensed to do business in British Columbia and upon terms and in amounts, as to deductibles and otherwise, reasonably satisfactory to the Licensor. The Licensee will deliver to the Licensor prior to the Commencement Date, and upon reasonable request from time to time, certificates of insurance (and upon request by the Licensor, copies of the insurance policies) and will deliver to the Licensor a certificate of renewal for each policy not less than 10 days prior to its respective expiry date. The Licensee will pay the premium for each policy. If the Licensee fails to purchase or keep in force such insurance, the Licensor may effect such insurance, at the cost of the Licensee. The Licensee will cause all insurance policies to contain an undertaking by the respective insurer to notify the Licensor at least 30 days prior to cancellation or prior to making any other change material to the Licensor's interest. The liability policy of the Licensee will include the Licensor as an additional insured with a cross-liability and severability of interest clause. The Licensee will cause all insurance policies to contain a waiver of subrogation clause in favour of the Licensor and those for whom it is in law responsible.

20. **Assignment.** Subject to the following two exceptions, the Licensee agrees that it will not assign its rights under this Agreement to any third party without the prior written consent of the Licensor, such consent not to be unreasonably withheld, delayed or conditioned, provided that the Licensee may, with notice to the Licensor but without need for the Licensor's consent, assign

its rights and benefits under this Agreement (i) to a corporation which controls, is controlled by or is under common control with the Licensee provided the Licensee remains liable under this Agreement and the use of the Licensed Area does not change, and (ii) for security purposes, to Lucent Technologies Inc. and any other senior lender to the Licensee on terms which include the lender's right to receive notice of any default by the Licensee and a reasonable opportunity to cure any such default by the Licensee.

21. **Indemnity.** Notwithstanding any other terms, covenants and conditions contained in this Licence, the Licensee will indemnify and save harmless the Licensor and those for whom it is responsible in law from and against any and all liabilities, claims, suits, actions, damages and costs, including, without limitation, legal fees on a solicitor and own client basis, which the Licensor may incur or suffer or be put to, arising out of or in connection with any breach or non-performance of the obligations of the Licensee under this Licence, any loss or damage to property or personal injury or bodily injury, including death, of any person in the Licensed Area, any wrongful act or neglect of the Licensee and its invitees or those for whom it is responsible in law in or about the Licensed Area and the Building or arising out of or in connection with the use and occupation of the Licensed Area by the Licensee, its invitees or those for whom it is in law responsible. This indemnity will survive the expiration or earlier termination of this Licence.

22. **Non-liability of the Licensor.** The Licensor will not be liable or responsible in any way for any personal injury that may be sustained by the Licensee or any invitee of the Licensee or of any other person who may be upon the Licensed Area or the Building, or for any loss of or damage or injury to property belonging to or in the possession of the Licensee or any invitee of the Licensee or any other person or for any matter or thing of whatsoever nature or kind arising from or in connection with the Licensee's use and occupation of the Licensed Area or any improvements thereon or otherwise. The Licensee hereby waives all rights it may have at law or at equity to claim against the Licensor for damages or equitable relief of any nature or kind, including without limitation, any claim it may have for loss of business, in connection with or arising from the expiry or earlier termination of this Licence for any reason.

23. **Default.** If and whenever:

- (a) the Licensee becomes insolvent or bankrupt or a petition is filed for the reorganization of the Licensee under any provision of the *Bankruptcy and Insolvency Act* or any law of Canada or any province thereof or of the jurisdiction in which the Licensee is incorporated relating to bankruptcy or insolvency, then in force, or a receiver, guardian, trustee in bankruptcy or any other similar officer is appointed to take charge of all or any substantial part of the Licensee's property by a court of competent jurisdiction;
- (b) the Licensee becomes insolvent or bankrupt or ceases to exist or any application or petition or certificate or order is made or granted for the winding up or dissolution of the Licensee, voluntarily or otherwise;
- (c) any goods and chattels on the Licensed Area are at any time seized or taken in execution or attachment; or

- (d) the Licensee defaults in observing or performing any of the terms and conditions set forth herein,

then the Licensor, at its option, may terminate this Licence with 10 day's notice to the Licensee.

24. **Licensor's right to remedy.** If the Licensee is in default of any of its obligations under this Licence, then the Licensor, without limiting any other remedy which it may have, will have the right to remedy any such default and for such purpose it may enter upon the Licensed Area and do such things as are necessary or desirable to cure any default, including the right to make repairs and to spend money. The Licensee will reimburse the Licensor promptly for all expenses incurred by the Licensor in remedying such default. The Licensor will have no obligation to remedy any default of the Licensee and will not incur any liability to the Licensee for any action or omission in the course of its remedying or attempting to remedy any such default.

25. **Relocation.** At any time throughout the Term or any renewal thereof, the Licensor, acting reasonably, may give notice to the Licensee that it will relocate the Licensed Area to an alternate location within the Building, provided that the size of the new area will be not less than the size of the then existing Licensed Area, unless otherwise agreed to by the Licensee. The Licensee shall pay the costs and expense of any such relocation.

26. **Subordination.** This Licence shall, at the request of the Landlord, be made subject and subordinate to all mortgages which now or hereafter during the term shall be recorded in the appropriate Land Titles Office as a mortgage against the land and Building. The Licensee shall execute promptly and in registrable form from time to time any assurance the Licensor may properly require to confirm this subordination with respect to any mortgage now or hereafter recorded. Whenever required by any mortgagee, the Licensee shall attorn to and become a licensee of such mortgagee or any purchaser from the mortgagee in the event of an exercise by the mortgagee of its power of sale in the mortgage set out, for the then unexpired residue of the term herein upon all of the terms and conditions hereof.

27. **Notices.** Any notice required or contemplated by any provision of this Licence which the Licensor or Licensee may desire to give to the other shall be sufficiently given by personal delivery or by registered letter, postage prepaid and mailed in one of Her Majesty's Post Offices in the City of Vancouver, in the Province of British Columbia, and addressed to the party to whom such notice is to be given at the address of such party as given in this Licence or at such other address as either party may notify the other of in writing during the term hereof and any such notice shall be effective as of the day of such personal delivery or as of the day two (2) days following the date of such posting, as the case may be, except in the event of labour disputes or other disruptions affecting postal service occurring prior to the deemed receipt thereof in which case notice will not be deemed to have been received until actually received.

28. **Headings.** The captions or titles contained in this Licence are for ease of reference only and will not affect interpretation of this Licence.

29. **Nature of Licence.** The occupancy of the Licensed Area by the Licensee will, under all circumstances, be viewed as a licence only and will not create or be deemed to create any interest in land in the Licensed Area in the Licensee's favour.

30. **Waiver.** The waiver by the Licensor of any breach of a term, covenant or condition of this Licence will not be considered to be a waiver of any subsequent breach of the term, covenant or condition or another term, covenant or condition. No breach of a term, covenant or condition of this Licence will be considered to have been waived by the Licensor unless acknowledged by the Licensor in writing as waived.

31. **Time of the Essence.** Time will be of the essence of this Licence.
