Terminal-to-Network Interface Disclosure: BID 0013

September 28, 2012

No. BIA – 1y

**Subject: BID 0013 "9-1-1 Public Emergency Reporting Service (9-1-1 PERS) Terminal-to-Network Interface"**

Bell Canada announces minor updates to the 9-1-1 PERS terminal-to-network interface (BID-0013 version 16) and XML file.

These changes are required to more closely align with NENA definitions and provide additional information using new extensions.

**Compatibility Impact**

PSAPs should provide this document to their vendors for assessment and integration.

**Documentation**

BID 0013 is available in electronic format from the Bell Canada Disclosures web site at www.bce.ca/aboutbce/regulatory/interface-disclosures.
